Ref: Cherry Hill Park Mine Reclamation

Dear Lynn;

Here are the seed tags for the seeding we performed in October and November of 2004 on the first phase of the project. Thanks for all your help on the permit work and we look forward to working with you in the future. Please push the payment along for the work that we have done on the reclamation work already. We have not sent a bill to anyone yet because I don't know who to send it to?

Thanks again and please call if you have any questions.
